3 EVERY-MEMBER CANVASSES SOON

BAPTIST, CHRISTIAN AND PRESBYTERIAN CHURCHES PLANNING.

VARIOUS METHODS FOR GETTING SAME RESULTS

What Should Be Done by Congregations Along Financial Lines In Following Article.

Two Maryville churches, the Christian and Baptist, will start their "every-member" canvasses next Sunday, and the Presbyterian church will hold its special day two weeks later, Sunday, March 19. Various plans will be used by the congregations for reaching each member of the church and soliciting them for financial support and for greater participation in the affairs of the church.

From one hundred to one hundred and fifty teams of two men each will be organized in the First Christian church and will start from the church at 2 o'clock. The members of the congregation are asked to remain at home during the afternoon so that the work may be expedited. The plans are to close up all the work by 5 o'clock. Financial co-operation is but one of the aims of the canvass.

The First Baptist church will return to its plan of two years ago of employing one man to do the work. D. E. McDonald will begin Monday morning in a thorough canvass of the membership. He will seek information upon cards concerning the members of the church and will be expected to answer all questions concerning the work of the church which are asked by the members.

The First Presbyterian will have women also upon their teams, something unusual in every-member canvass work. Enough teams will be organized, so that no team will need to visit more than ten or a dozen families. All will leave at 2 o'clock and the church bell will toll once as each team returns.

Results will be tabulated at once and rivalry will be stimulated among the teams to see which ones can secure the greatest contributions to benevolence, missions and similar funds. The teams will report in a congregational meeting at the church that night.

What Every-Member Canvass Is.

In view of the fact that the three Maryville churches will observe the special canvass in the next two weeks, The Democrat-Forum is reprinting today the larger part of an article in The Continent of February 17, by Albert F. McGarrah, on the subject "Don't Be Afraid to Spend More."

Mr. McGarrah will be remembered as the author of a recent article in the Ladies' Home Journal on the question, "Should the Church Advertise?" This article caused great comment in all church circles. His article which is reproduced in part in the following, deals more directly with the finances and business management of the church:

Systematized parsimony must not be mistaken for success. To avoid deficits and debts by cutting expenses below a decent limit is disgraceful and shortsighted. To compel the pastor to pay a deficit by reducing his salary below, or failing to raise it to, a proper standard is plain dishonesty. Efficiency means economy, "the elimination of waste," and it is foolish waste to spend money at all if the amount is inadequate to obtain the desired results.

Strangely enough, farmers and merchants and bankers who would avoid commercial disaster in their own business by a wise increase of expenditures (even if they must borrow) often urge parsimony as the only panacea for church deficit. If, after a poor year, the officers of the average church would seek to discover ways of making outlays which would attract more members today and insure more loyal young workers tomorrow, they would show business sagacity.

Here are objects for which a normal church should increase its budget:

Benevolences. Every church worthy the name should annually endeavor by the most effective means possible largely to increase the contributions for the great work which the church is doing through its boards.

Education and Publicity.

The average church should increase by from 25 per cent to 200 per cent the annual expenditures for high grade

M. E. S. S. TO HONOR INFANTS

Special "Baby Week" Services for Cradle Roll—Women's Sermon at Evening Hour.

The cradle roll of the First Methodist church will give a special program at Sunday school Sunday morning in observance of Baby Week, which begins Sunday and closes the following Saturday night.

At the morning service the subject of the sermon will be "Beauty of the Character of Christ." Special musical numbers will be given at this service.

The evening service will be specially for women and girls. The subject of the sermon will be "Christianity and Womanhood, Womanhood and Christianity." Mr. Cox will sing "Mother o' Mine," by Tours. Travis Pendergras will also sing a solo.

GOWDY WRITES US

REFEREE TAKES EXCEPTION TO ALL OBJECTIONS.

HAS WRONG "PIG BY EAR"

The Democrat-Forum Did Not Make Alleged Statements—Several Flat Denials.

The Democrat-Forum has received a letter from E. C. Gowdy, referee of the Tarkio-Maryville high school game, which is published for just what it may be worth. The letter evidently was written as a form letter for The Democrat-Forum is accused of saying things which it never did say.

Mr. Gowdy plainly does not distinguish between what was written of the game in the news columns the day after and the two communications which were given space. His other fault is in saying that this paper approves of the action of the Maryville crowd. It seems scarcely necessary to point out again that it does not.

Tarkio, Feb. 28, 1916.—Editor Democrat-Forum, Maryville, Mo.: Copies of your paper of recent issue have been called to my attention, wherein you seem exercised unduly over the outcome of a basket ball game between the Tarkio high school team and the Maryville high school team, which I refereed. I realize, that it is ordinarily poor policy to notice such publications, but you make some serious charges that I cannot let pass unnoticed.

You call me a crook, a thief, a villain and other epithets, evidently without knowing, or caring what the facts in the matter are. I am submitting you this statement of the facts of this game which you can publish, if you desire, and which you should, in simple justice to me.

In the first place, I desire to say that the game was fairly and impartially refereed, notwithstanding all that you have had to say of it. I am refereeing one or more games each week, and I have no object or desire to court adverse criticism or to favor any team, because if it was just it would affect my patronage in the way of an official without recompense to me. I am not interested in seeing the Tarkio team win, and I am sure but for the fact that my home is in Tarkio, this tempest in a teapot would not have arisen. I can say for the Tarkio high school team also that I have known their teams for a long time and have never known them to be guilty of offensive, discourteous or unsportsman-like conduct.

Now to the game. Without specifying, you say that I stole it for Tarkio, and robbed Maryville of it as a consequence. One paper says that no personal fouls were called on the Tarkio players, another that I was careless in tossing the ball, another that I did not call fouls on the Tarkio players, and so on.

The score of the game was 23 to 32 in Tarkio's favor, of the points made by the Tarkio team, 24 were made from field goals, which was enough to win the game without counting a single foul goal thrown. This fact refutes emphatically all assertions of taking the game on fouls. Now, as to the fouls. Six were called on Tarkio, four of which were personal fouls, 2 on Roberson, 1 on Travis and 1 on Low. Twenty fouls were called on Maryville, as follows: 1 on the crowd for vile language and kicking the ball, 3 on players who failed to report to the referee when entering the game as substitutes, 1 on a player for disputing a decision, 5 personal fouls and 10 technical fouls. The last 10 noted were all for failure of the player to hold his hand upon his back when

BABY WEEK PLANS

MAYOR'S PROCLAMATION ISSUED TODAY.

THE CLUBS' COMMITTEES

Special Services at Three Churches in Observance—Wear a Flag to Honor Infants.

A proclamation was issued today by Mayor U S. Wright for the observance of Baby Week in Maryville. Announcement was also made today of the full list of committees of the Federation of Women's Clubs to have charge of the activities. Contained in the proclamation also are the plans of the Federation.

At least three pastors will observe Baby Week in their churches. The services of the First Methodist church are announced in another column. The Rev. W. M. Case will preach upon "The Child of the Covenant" Sunday morning. The Rev. L. M. Hale will take a Baby Week subject at the Baptist church Sunday night.

The Mayor's Proclamation.

To the People of Maryville: The week beginning on Sunday, March 5, 1916, will be observed by some 2,000 communities in the United States as a nation-wide "Baby Week."

The movement, which begun and is fostered by the children's bureau of the United States department of labor, aims at the conservation of the infant childhood of our country. A large number of our public spirited men and women are generously combining their energy, their time, their means and their enthusiasm to the success of the observance of the week in Maryville. Complete publicity of the program laid out will be found in the daily press.

May I ask that the people of Maryville whole-heartedly unite in this observance, the objects of which touch so closely the hearts and sympathies of us all, as well as the ultimate well being of our nation.

The committee in charge especially requests the following observances:

That a flag be displayed during "Baby Week" at every home where there is a baby.

That every father, mother, brother and sister of a baby under 2 years of age wear a little American flag, which will be supplied by the committee.

That every father, mother or persons interested in baby's welfare attend the union meeting to be held Wednesday evening, March 8, at 8 o'clock at the First M. E. church.

U. S. WRIGHT, Mayor.

The Federation Committees.

The committees are:

Arrangements—Mrs. George H. Colbert and Mrs. H. L. Raines.

Program—Dr. Karl Malotte, Mrs. C. C. Corwin and Mrs. W. A. Rickenbrode.

Music—Mrs. John D. Richey, Mrs. Fred P. Robinson and Mrs. W. H. Crawford.

Window decorations—Mrs. C. C. Hellmers, Mrs. Berney Harris and Mrs. W. A. Miller.

Church decoration—Mrs. Arthur Brewer and Mrs. B. M. Chandler.

Press—Mrs. W. C. Van Cleve and Mrs. Ed. G. Orear.

BAPTISTS INVITE BOARD

MISSIONARY LEADERS ASKED TO SPECIAL BANQUET.

Men's Club Wants Representative of Every Church in N. W. Missouri Here April 6.

The Men's club of the Baptist church issued an invitation last night to the missionary board of the northwest Missouri Baptist district to meet with them at their regular April banquet night the first Thursday in the month, April 6.

The superintendent of missions in each church and another representative will be invited also. The banquet will also be open to the public and tickets will be placed on sale several weeks before the meeting. A special program will be prepared along home missionary lines, particularly.

The two gospel teams of the Maryville Baptist church plan to visit every church in the five northwest Missouri counties making up this Baptist district. Arrangements for these visits will be made next month at the meeting.

William Lazenby of near Gaynor was the guest of his daughter, Mrs. Rame Shroyer, yesterday and today.

FIERCE AT VERDUN

GERMAN DRIVES WITHOUT REGARD TO LOSSES.

SECRET BELGIAN MOVES

Large Shipments and Many Troop Trains While Aeroplanes Guard Against Surprise.

Special to The Democrat-Forum.

Paris, March 3.—Fighting with redoubled fury, the Germans have launched another drive against the French positions north of Verdun. The French war office in official communications today stated that during the German bombardment last night the Germans assaulted the French positions continuously.

Cruel losses were inflicted upon the Germans, it is stated. Huge masses of German troops in close formation hurled forward time after time into the hurricane and fire which swept their ranks from the French forts and trenches. The advance of the French line at Douaumont has been penetrated but fighting of the utmost violence continues in that section.

At Vaux the Germans drove forward persistently in a series of smashing attacks. Despite machine gun fire which withered their ranks and left mounds with dead attacking forces swept onward, assault after assault.

Berlin Claims Victories.

Berlin, March 3.—An important victory for German troops in their attack against Verdun from the northeast announced by the war office. They took a thousand prisoners. At same time they admitted that the English broke through the German position south.

Extensive Movement in Belgium.

Amsterdam, March 3.—Extensive movements of German troops are under way on the Belgium frontier have been concealed by German military authorities to prevent news of the preparations leaking out. Fleets of German aeroplanes are patrolling west of Flanders front to prevent air scouts of the allies from taking observations behind the German lines.

Many military trains are passing west bearing men and munitions. Artillery duel on west Flanders front in progress nearly ninety-six hours and thunder of guns plainly audible on the Belgian-Dutch frontier.

Portuguese Interning Germans.

Bombay, March 3.—Portuguese flag hoisted today over all German merchantmen ships in Port Mormugoa. All German residents in Portuguese India being interned at Pan Jimi.

Another Verdun Fort Silenced.

Geneva, March 3.—It is reported from a German source that Fort Moranville, one works defending Verdun on the east, has been put practically out of commission.

Two Zeppelins Wrecked.

Amsterdam, March 3.—Two German Zeppelins are reported wrecked and destroyed while engaged on military enterprises.

French Steamer Probably Sunk.

Bordeaux, March 3.—The French steamer Lakemer is reported sunk by submarines southwest of Island of Dyeu. Six members of the crew are missing.

French Air Raid on Turkey.

Paris, March 3.—The war office announced that a squadron of French aeroplanes from Saloniki bombarded Turkish forts and camps around Smyrna.

DIAZ MOVING ON MEXICO CITY.

Revolutionist Controls About Fourth of Mexico Now.

Special to The Democrat-Forum.

New Orleans, March 3.—Forces of Felix Diaz are moving upon Mexico City from the east and south, according to a cablegram today. Small bands of Carranza followers are joining the revolutionary movement. Diaz controlls about fourth of Mexico.

IS LAST FILING DAY

APRIL CIRCUIT COURT WILL BE LIGHTEST IN YEARS.

GRAND JURY MAY MEET

Violations of Gambling and Local Option to Be Considered Probably —Cases Today.

Tomorrow is the last day of service for cases that will be tried at the April term of circuit court which will convene on Monday, April 3, with the exception of suits on notes and accounts which require fifteen days' service. Only a few cases have been filed for this term and the indications are that it will be the lightest term held for several years.

A grand jury will probably be called at this term to investigate gambling and violation of the local option law. A grand jury is required to be called once a year. The last grand jury was at the January term, 1915.

Judge W. C. Ellison who is spending the winter in California, and is improving rapidly in health, will probably not return in time for this term of court. By remaining another month or so in California and returning by the time of warm weather, Judge Ellison will be fully recovered.

Several cases were filed today for the April term. P. L. Trapp & Son are suing C. C. Pope for an account of $116.85. Cook, Cummins & Dawson are the attorneys for the plaintiffs.

James C. Ware is suing Ralph Logan on a note for $225. Cook, Cummins & Dawson are the attorneys. Another account suit is that of W. G. Carpenter vs. N. I. Staples for $225.

The Equipment company has filed a suit against Solon C. Clark on two accounts for $274.63 and $266. Shinabargar, Blagg & Ellison are the attorneys.

Peter Peve, Frank Thompson and Robert F. Johnson are suing the Southern Surety company which is on the bond of the D. C. Stephens Co., which had the contract for the digging of the 102 drainage ditch. These men were employed by Mr. Stephens in the work on this ditch. Peve is suing for $160.50, Thompson for $166 and Robert F. Johnson for $93. Crawford & Sayler are the attorneys.

KANSAS MARCH RECORD BROKEN.

Salina, Kan., March 3.—Temperature nine below last night and breaks all March records. Twelve below reported in the west part of the state.

ON SPECIAL TRAIN

PATTONSBURG TEAM ACCOMPANIED BY OVER 150 ROOTERS.

ARRIVES HERE AT 6:30

Yehle Will Start at Center, and Reports Are Team is Going Great, So Get Ready for Big Game.

A special train, carrying more than 150 rooters will leave Pattonsburg with the team this afternoon at 4:30. A message at noon was that more than one hundred and fifty tickets had been sold. It was necessary to guarantee 100 tickets to get the special.

The round trip fare from the Daviess county town is $2.08. The train will return tonight, leaving Maryville at 10 o'clock. It will have three coaches. Although the Pattonsburg authorities intimated that their team is not in the best of shape, the feeling here is that the rooters must have considerable faith in their team. It will arrive here at 6:30 o'clock.

Maryville will enter the game with a different shift from any that has been tried before. Yehle will assay the difficult role of filling "Slats" Seleeman's shoes, and those who have watched practice are telling others to keep their eyes on the tall boy. Hughes and Captain Tilson will be the guards as usual. Van Cleve will start at one forward, according to Coach Becker, and the other lies between Egley and Crawford.

The other men out in suits will be Nixon, Harris, Woodard and Baker. The last named takes the place of Flemming on the squad, who has moved to Wyoming. The team has been going fine all this week, the coach reports, so all indications are that the last home game of the season will be a hummer and a fitting close for the season, win or lose.

The entire student body of the Maryville high school marched through the business section of Maryville immediately after school today carrying a huge banner, "Romp on Pattonsburg," in the lead and with a dummy bringing up the rear.

REAK MAY COME WITH NEXT MOVE

PRESIDENT TELLS GERMANY PROPOSALS UNSATISFACTORY.

WILSON UPHELD 69-14 IN SENATE'S VOTING

Senator Gore's Resolution Laid on Table and Americans Will Not Be Warned Off Belligerent Ships.

Special to The Democrat-Forum.

Washington, March 3.—The senate today upheld the hands of President Wilson in the submarine situation by an overwhelming vote of 68 to 14 to lay on the table without debate the resolution of Senator Gore warning Americans off of the belligerent ships.

Probably not since the European crisis became acute has there been such a throng as struggled for admission today. Every seat in the senate chamber was filled with officials and diplomatic Washington was well represented. Senator Gore himself voted to table the resolution, so as to ask for a reconsideration.

Next Step May Mean Break.

President Wilson today is prepared for the next step in the submarine matter. It is expected that this will take form of telling Ambassador Bernstorff that the proposal of Germany made this week is entirely unsatisfactory.

If Germany declines to agree with the president's contentions, a break could hardly be averted.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

POLITICAL NOTES.

(Democratic Press Bureau.)

Roosevelt has sailed for a West Indies island to shoot wild hogs. It is too much to hope that even big success in these hog skirmishes will satisfy his thirst for gore. On his return declarations of war against Germany will again issue from Oyster Bay.

Senator Stone says that if the Republican leaders make Wilson's foreign policy an issue, he will cheerfully contribute to their campaign fund. That's cruelty to animals, Senator. They must have something to run on. On the tariff, hard times and other domestic questions they couldn't even strike a dog trot.

T. R. having the Progressive party nomination in his pocket, is swinging the big stick over the Republican party and saying, "You've got to take me." Will the Republican party surrender and become the side show to the Bull Moose circus? We shall see what we shall see.

The Republican war jingoes are jeering at diplomatic notes and saying, "Wilson should act." They are careful not to explain what they mean by the word "act." But in that connection it can mean only one thing, war. If the jingoes have their way and name the Republican candidate for President, a vote for that candidate will be equivalent to a vote for a declaration of war. On that issue Wilson will carry every state in the Union.

With the head of the nation a peace loving man free from the affliction of a heated intellect, an increased military establishment will not menace our peace and prosperity, even in these perilous times. Preparedness would not tempt Woodrow Wilson to plunge us into the present world cataclysm, nor to precipitate an unnecessary armed conflict with Mexico or any other nation. The war drums do not appeal to him. This is another reason why the people will see to it there is no change of horses while we're crossing this dangerous stream.

Nothing Woodrow Wilson has done since he became President, save keeping us out of war, has so endeared him to the masses as the nomination of Lou D. Brandeis, "the people's lawyer," to fill the vacancy on the supreme bench. The old shellbacks and a few fake progressives in the senate are trying very hard to find an excuse for voting against confirming the nomination, but to date their efforts have fallen flat. The old standpatters and the fake progressives pursue different methods, but reach the same result. In the end they get together behind the curtains and congratulate each other. Brandeis will be confirmed. The aforesaid fake progressives are afraid of the "folks back home," therefore will vote for him and the out and out standpatters are short of votes.

3 EVERY-MEMBER CANVASSES SOON

(Continued from page 1.)

maps, charts, Sunday school lesson helps and papers, teachers' libraries, stereopticon and slides, equipment for all kinds of work from a better card index to a follow-up system; for annually sending several promising young teachers and some leaders of the young people's societies to conventions and summer institutes where they may be more adequately prepared for service now and for future leadership.

Publicity. In a rural church this means the purchase of a $5 duplicator, by which advertising matter may be prepared and follow-up letters sent to families of the church and to prospects; with allowances for postage, for posters, for a printed manual, for the distribution to every home and public place for an annual calendar bearing attractive cuts of church and minister, etc. To help fill empty pews in the large town or city church, it means an annual publicity budget of from $500 to $10,000 for newspaper advertisements, window cards, preparing and mailing thousands of circular letters each month to large lists of prospects and to member families, a weekly bulletin, a monthly magazine, an annual directory with committee and department reports. Such expenditures may be distributed evenly through the year or made largely in connection with the autumn rally and other special campaigns.

Pastor's Salary Should Be Adequate.

In a town or city church the salary should be advanced to correspond with the special expenditures required by the constituency and by the minister's situation. While the pastor should not expect to save a great deal or to have all the frills and trimmings of life, he should be able to carry adequate life insurance; to provide food and clothing and furnishings for his home in accord with the general demands of his constituency; to meet his special expense for clothing; to pay his way to denominational meetings and conventions and conferences and to a summer school or conference for an annual "freshening up" of two weeks; to avoid wasting time waiting for street cars or walking between calls by keeping up an auto; to pay his tithe to the church and its benevolences; to use a second tithe in meeting the multiplied calls upon him from the poor of his parish and elsewhere.

Enlarge the salary, relieving your minister of worry about college debts and about the future of himself and his family. Then he can use the energy which he has spent in worry and in efforts to make ends meet honestly, for the more profitable business of making himself efficient, for the building up of his church and the kingdom. It is well said, "The church which starves its minister and his library will be starved itself." Many churches make a definite allowance, in addition to the pastor's salary of from $200 to $1,000 a year for "equipment, books and tools, travel and incidental expenses, and for the up-keep of the needed horse and buggy or auto." Certainly the expenses of the business should be added to the salary.

Assistance for the minister. Every church could most profitably employ a student or woman worker each summer to work among the young people to develop a daily vacation Bible school and to preach at a mission or in needed districts in town or country. Every church with over 300 or 400 members should employ an assistant for part or full time to serve as deaconess and stenographer; to help visit the sick, the newcomers, and the delinquents of church and Sunday school; to attend to correspondence and office records; to keep financial accounts and to aid in developing all the work of the church.

It is real extravagance to allow a pastor to use his time, which should be devoted to sermon and other work that no one else can undertake, for detail work which some young woman would do just as effectively for 25 cents an hour. The efficient, up-to-date pastor should always be able to find enough work to keep an assistant profitably busy. Many large churches employ a staff of from four to a dozen workers, and this is one reason why they grow large and efficient. Another source of waste is a church closed for six days a week. An assistant is needed if it is to be kept open evenings and proper social and physical oversight given to the boys and girls.

Put S. S. Budget With Church.

Include the Sunday school budget in the church budget. Have every child make a pledge and use the duplex weekly envelope.

Use only such canvassers as are liberal and really competent.

Prepare the people thoroughly. Since those who most need education and inspiration do not attend at other times, have the whole matter presented at two or three morning services, by the pastor and by local or visiting laymen.

Of course, the canvass should be made in one day and the canvassers should be dedicated at the morning service. Letters and printed matter fully explaining the needs and the plans will have been sent in advance.

The canvassers must not apologize and must be prepared to ask specific pledges.

Push the canvass immediately until every man, woman and child is pledged. Many churches get pledges from every resident member.

Where neighboring churches, or all churches in a city, conduct their educational campaign and their canvass at the same time, much better results are secured because of the influence of each church on the others. Joint popular meetings and canvassers' conferences, and the employment of outside speakers, are possible.

A receipt and statement must be sent quarterly to every subscriber.

The first canvass frequently brings inadequate results because the plan is new and the leaders inexperienced. The second year brings a very large net increase. Persistence from year to year is absolutely necessary.

AFTER FOUR YEARS.

Maryville Testimony Remains Unshaken.

Time is the best test of truth. Here is a Maryville story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. Weidman, 403 E. Thompson St., Maryville, says: "I had dull, drag ging pains through my kidneys. My kidneys were also irregular in action, especially if I took cold or at any change in the weather. I used different medicines, but with no success, until I took Doan's Kidney Pills. In less than a month, I was free from the trouble and without an ache or pain." (Statement given Sept. 19th, 1908.)

OVER FOUR YEARS LATER, Mrs. Weidman said: "I have recommended Doan's Kidney Pills to hundreds of people, as the best medicine I have ever used. My former recommendation still holds good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Weidman has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

jumping for the ball on a toss off. Thirteen of these fouls were due to poor coaching. When these same teams played at Tarkio, Maryville had 7 technical and 4 personal fouls called on them, and Tarkio 7 personal and 1 technical. All of the fouls were for violations of the simplest rules of the game.

One paper says that I became peeved at the remark of a kid on the side lines. I did not become peeved, and the kid was a young man grown, and the remark that he made was for me ("To go to hell, you son of a ——). For this conduct I did foul the Maryville team, as the rules provided, and which was proper. Persons in the audience hooted and were disorderly throughout the entire game, which was not only discourteous but unsportsman-like.

I gather from your publications that such conduct meets with your approval; it is, however, not popular in polite society nor among sportsman-like athletes. After the game also the crowd was disorderly and threw balls of mud, cinders and other things at the Tarkio players as they were leaving the buildings. Your superintendent was struck by a missile and remonstrated with the crowd without effect. All of which you doubtless approve.

Another article says that I coached the Tarkio players as the ball was tossed by saying right or left. This is a falsehood, pure and simple, and which any reasonable person would know to be untrue.

I confess to you frankly that I am at a loss to understand your frenzy and unreasonableness in this matter. There is certainly no reasonable basis for it.

I have pointed out the facts. Where was the robbery? If every foul called on Maryville is thrown out, still Tarkio would win. How then was the game stolen?

I am willing to bear any just censure and realize that officials cannot see all that transpires in a game, but in this game I am certain that there is no just excuse for complaint against the official from either team.

Yours truly,
E. C. GOWDY.

Post Office Department Breaks Precedent by Telling Its Side of Case Very Plainly.

The Post Office Department has set a new precedent by getting out a pamphlet dealing with its fight with the railways over railway mail pay. The departure lies not so much in the action taken but in the manner of taking it.

It is a document of attractive appearance and modern "make up." It is the kind of thing the average man, after a glance, likes to read. Government publications do not often have this sort of appearance.

The arguments are set forth in the simplest language. It is shown convincingly that the railroads are not underpaid for carrying the mails and that a change in the method of adjusting mail pay is very much needed in order to assure the public the maximum use of the Parcel Post.

It is stated upon the cover that the booklet is issued in response to many requests from individuals, business men, publications, boards of trade and members of Congress for the facts relating to the subject.

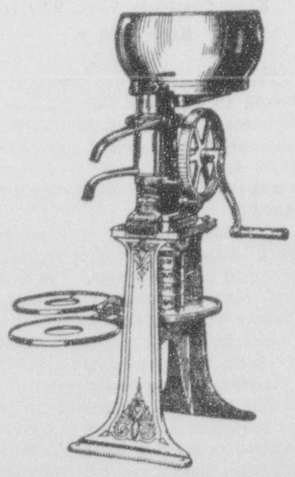
The Anker-Holth Saves You Repair Expense



In buying a cream separator it is not the first cost that should always be considered, but rather what is going to be the expense of the up-keep. Repair bills eat up profits.

When you purchase an **Anker-Holth Self-Balancing Separator** you are assured from the very start that its wearing parts are built for long service. The bowl being self-balancing all danger of expense in that direction has been eliminated, The simplicity of construction, the few mechanical devices, and the self-oiling system all contribute to reduce the possibility of repair expense.

Don't be deceived by the claims of low-priced machines. Remember there is a future, and that the real test comes in the cost of maintenance.

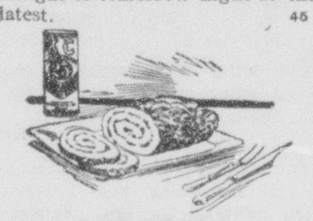
Beef Roll

A New Way of Using Left Overs

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Every housewife finds the disposition of left overs a most perplexing problem. K C Beef Roll will go a long ways toward helping you out when the family get tired of hash and stews. You really ought to try it for supper tonight or tomorrow night at the latest. 45



Beef Roll, K C Style

Three cups flour; 1 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; ½ cup shortening; sweet milk; 1 cup each, chipped cooked beef and ham; 1 teaspoonful mixed mustard; 2 beaten eggs; grating of onion; ¼ teaspoonful each, salt and pepper; broth or water.

Make a biscuit dough of the flour, salt, K C baking powder, shortening and milk, and roll into a sheet half an inch thick, having the ends even. Mix the other ingredients by themselves, using liquid as needed to make a paste. Spread the paste over the dough and roll like a jelly roll. Bake in a buttered pan about forty minutes. Brush over the outside with a little beaten egg left for the purpose and return to the oven to brown. Serve hot with a rich brown sauce. Other meats, such as chicken or veal, alone, or in combination, may be used. The onion and mustard may be omitted.

Ninety recipes—just think of it—by the famous cooking authority, Mrs. Janet McKenzie Hill, sent free upon receipt of the colored certificate packed in 25-cent cans of K C Baking Powder. Send for the handsome Cook's Book today to the JAQUES MFG. CO., Chicago.

GET BUSY ON LAWNS NOW

To Have Attractive Yards, Work Should Begin at Once on Seeding and Plans.

"Get busy now," is the advice of the Department of Agriculture to homeholders who wish to have attractive lawns around their houses. When snow is melting and the ground freezing at night and thawing in the day, the conditions are especially good for the application of commercial fertilizer.

Before freezing weather is entirely over, fresh grass seed should be sown, for it must be remembered that only by repeated applications of grass seed can a good lawn be produced. The ordinary seeding of grass on a new lawn is one pound of seed to every 400 square feet—that is, to a piece twenty feet square. For reseeding a lawn, one-half of this amount should be used, according to the condition of the lawn at the time. For the northern part of the United States, Kentucky blue grass and redtop are the standard varieties.

WINNING TRADE FOR U. S.

INSTANCES OF WORK BY DEPARTMENT OF AGRICULTURE.

Big Orders Secured for American Firms by Export Officials in Foreign Countries.

A hundred other illustrations can be found in the work of the Department of Agriculture which have been turned into dividends by farmers in all sections of the country. The Government service in other lines likewise teems with them. A recent letter in this series showed that typhoid fever costs the United States $300,000,000 annually and that extension of the work of the Public Health Service, especially in the field of rural sanitation, will do much to reduce this. The Bureau of Domestic and Foreign Commerce, Department of Commerce, in the past few months has accomplished much in quite a different direction, as follows:

1. Active co-operation through continued months of the commercial attache at Lima, has brought the Bolivian tin business, heretofore transacted wholly with London, to the United States, and through the agency of a large industrial coporation tin smelting will now for the first time be actively carried on in the United States.

2. The active co-operation of the commercial attache in China with the representative of a large American manufacturer, secured an order for the entire equipment of two cotton mills with American machinery and has since been followed by an additional order.

3. The co-operation of the commercial attache to France in a joint visit to the Spanish Government with our Ambassador brought about the removal of the preferential tax against American coal; thousands of tons of coal have been sold and are now being sold to Spain.

4. The co-operation of the New York office of the Department of Commerce with Russian buyers led to a contract for the purchase of 40,000 bales of cotton per annum for five years.

Other results include orders for the building of a railway on the island of Formosa; for the building of a capitol building on the same island; for the construction of a petroleum pipe line in Roumania, and a telephone system for Bergen in Norway.

How can a man be 48 years old and have only eleven birthdays was solved this week by one of our Nodaway residents, who celebrated his birthday anniversary.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

POLITICS IN BURLINGTON

POST TELLS OF PROSPECTIVE CITY CANDIDATES.

J. A. Barr, Present Mayor, Will Not Seek Re-Election—Will Vote on Re-Districting.

Tuesday, April 4, the city and school election will be held in Burlington Junction, and while but little interest has been manifested up to the present time, there is some speculation as to whom the candidates will be.

In the city there will be the offices of mayor, four aldermen, collector, marshal and police judge to fill, which will give our voters the opportunity to do more voting than they have ever enjoyed the privilege of doing before. On account of redistricting the town it will be necessary to elect two aldermen in the third ward. In the second ward there will be one alderman to elect, the term of Rev. W. H. Rust not expiring until a year from this election. In the first ward there will be one alderman to elect, the term of E. O. Browning expiring. Wm. Hollis' term does not expire until next spring.

The main interest centers around the candidate for mayor, as it is necessary to elect a good, practical business man to this office. J. A. Barr, the present incumbent, will not be a candidate for re-election, according to a statement made by him recently.

The school election is held on the same day as the city election, and two directors are to be chosen, the terms of C. B. Zarn and L. D. Carter expiring. Mr. Carter has moved to the country and it is understood that Mr. Zarn will not be a candidate for re-election.

The following judges and clerks were appointed for the election to be held in April:

First ward—J. D. Smith, I. Burgan, Stanley Evans, Peter Cornell.

Second ward—Dan Hamlin, Charles Woods, Harry Jones, Lee Stafford.

Third ward—Loren Smith, W. G. Sayler, Walter Deneen, Calvin Reavis.—Burlington Junction Post.

The young now say it is not what you do, but what you get away with that counts. A recent example has been demonstrated in Maryville.

After all, what is life? Bills, frills, worries, flurries, love, hate, basket ball games, a night out and old age, then?

We cannot say who we are, where we are or what we are, after reading the dispatches from Washington each day.

What St. Joseph People Say About Vap-O-Rub—"Outside" Treatment

They Find It Better Than Internal Medicines For Croup and Cold Troubles.

In the South everyone uses Vick's Vap-O-Rub Salve for all forms of cold troubles. But when it was introduced in St. Joseph, Mo., for the first time, last winter, the local druggists naturally were skeptical. They did not believe that croup could be relieved in fifteen minutes just by rubbing with Vap-O-Rub, or that colds commonly went in one night. So arrangements were made to present a number of ladies with complimentary jars of Vap-O-Rub on the condition that they give it a thorough trial. Here are the reports from these ladies:

Mrs. C. L. Haden, 2309 S. 15th St., says—"Last winter I had a dreadful bad cold on my lungs, with a tight bad cough. I rubbed Vap-O-Rub on two nights, and the next morning my cough was loose and lungs better. I relieved neuralgia with it in one night, just by rubbing my jaw and putting a little on the tooth, and ironing it in with a hot iron."

Mrs. Sam House, 1206 Prospect Ave., reports—"My little daughter had Diptheria last fall, and every little cold she takes settles in her throat. During one of her bad spells last winter my druggist sent me a jar of Vap-O-Rub. I used it four nights on her throat with such good results that now I don't like to be without it. I have used it on myself and husband for bad colds, and have found it just fine."

Mrs. John Paynter, 2422 S. 17th St., writes—"My druggist sent me a trial jar of Vick's Vap-O-Rub, which I soon had occasion to try on my 'croupy' baby. Before putting her to sleep for the night I applied Vap-O-Rub over her throat and chest with my fingers. The results proved very satisfactory, and now I would not be without it."

Mrs. M. A. Myers, 2943 Sylvanie Ave., says—"When our three-year-old boy had a severe cold last winter I tried Vap-O-Rub, rubbing it on his chest and letting him inhale it, and he was relieved almost immediately, and got better in a few days. We think your remedy is the best thing for colds we have ever used."

Vick's Vap-O-Rub Salve will be found better than internal medicines for all forms of cold troubles—from head colds, catarrh and asthmatic troubles—down to deep chest colds, sore throat, bronchitis or incipient pneumonia. You just rub it well over the throat and chest and cover with a warm flannel cloth and the body heat releases the ingredients in the form of vapors. These vapors, inhaled all night long with every breath, carry the medication through the air passages to the lungs. In addition, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion.

Vick's can be had at all first class drug stores in three sizes, 25c, 50c or $1.00—or we will gladly send a sample free on request. The Vick Chemical Company, Greensboro, N. C.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

POLITICAL NOTES.

(Democratic Press Bureau.)

Roosevelt has sailed for a West Indies island to shoot wild hogs. It is too much to hope that even big success in these hog skirmishes will satisfy his thirst for gore. On his return declarations of war against Germany will again issue from Oyster Bay.

Senator Stone says that if the Republican leaders make Wilson's foreign policy an issue, he will cheerfully contribute to their campaign fund. That's cruelty to animals, Senator. They must have something to run on. On the tariff, hard times and other domestic questions they couldn't even strike a dog trot.

T. R. having the Progressive party nomination in his pocket, is swinging the big stick over the Republican party and saying, "You've got to take me." Will the Republican party surrender and become the side show to the Bull Moose circus? We shall see what we shall see.

The Republican war jingoes are jeering at diplomatic notes and saying, "Wilson should act." They are careful not to explain what they mean by the word "act." But in that connection it can mean only one thing, war. If the jingoes have their way and name the Republican candidate for President, a vote for that candidate will be equivalent to a vote for a declaration of war. On that issue Wilson will carry every state in the Union.

With the head of the nation a peace loving man free from the affliction of a heated intellect, an increased military establishment will not menace our peace and prosperity, even in these perilous times. Preparedness would not tempt Woodrow Wilson to plunge us into the present world cataclysm, nor to precipitate an unnecessary armed conflict with Mexico or any other nation. The war drums do not appeal to him. This is another reason why the people will see to it there is no change of horses while we're crossing this dangerous stream.

Nothing Woodrow Wilson has done since he became President, save keeping us out of war, has so endeared him to the masses as the nomination of Lou D. Brandeis, "the people's lawyer," to fill the vacancy on the supreme bench. The old shellbacks and a few fake progressives in the senate are trying very hard to find an excuse for voting against confirming the nomination, but to date their efforts have fallen flat. The old standpatters and the fake progressives pursue different methods, but reach the same result. In the end they get together behind the curtains and congratulate each other. Brandeis will be confirmed. The aforesaid fake progressives are afraid of the "folks back home," therefore will vote for him and the out and out standpatters are short of votes.

maps, charts, Sunday school lesson helps and papers, teachers' libraries, stereopticon and slides, equipment for all kinds of work from a better card index to a follow-up system; for annually sending several promising young teachers and some leaders of the young people's societies to conventions and summer institutes where they may be more adequately prepared for service now and for future leadership.

Publicity. In a rural church this means the purchase of a $5 duplicator, by which advertising matter may be prepared and follow-up letters sent to families of the church and to prospects; with allowances for postage, for posters, for a printed manual, for the distribution to every home and public place for an annual calendar bearing attractive cuts of church and minister, etc. To help fill empty pews in the large town or city church, it means an annual publicity budget of from $500 to $10,000 for newspaper advertisements, window cards, preparing and mailing thousands of circular letters each month to large lists of prospects and to member families, a weekly bulletin, a monthly magazine, an annual directory with committee and department reports. Such expenditures may be distributed evenly through the year or made largely in connection with the autumn rally and other special campaigns.

Pastor's Salary Should Be Adequate.

In a town or city church the salary should be advanced to correspond with the special expenditures required by the constituency and by the minister's situation. While the pastor should not expect to save a great deal or to have all the frills and trimmings of life, he should be able to carry adequate life insurance; to provide food and clothing and furnishings for his home in accord with the general demands of his constituency; to meet his special expense for clothing; to pay his way to denominational meetings and conventions and conferences and to a summer school or conference for an annual "freshening up" of two weeks; to avoid wasting time waiting for street cars or walking between calls by keeping up an auto; to pay his tithe to the church and its benevolences; to use a second tithe in meeting the multiplied calls upon him from the poor of his parish and elsewhere.

Enlarge the salary, relieving your minister of worry about college debts and about the future of himself and his family. Then he can use the energy which he has spent in worry and in efforts to make ends meet honestly, for the more profitable business of making himself efficient, for the building up of his church and the kingdom. It is well said, "The church which starves its minister and his library will be starved itself." Many churches make a definite allowance, in addition to the pastor's salary of from $200 to $1,000 a year for "equipment, books and tools, travel and incidental expenses, and for the up-keep of the needed horse and buggy or auto." Certainly the expenses of the business should be added to the salary.

Assistance for the minister. Every church could most profitably employ a student or woman worker each summer to work among the young people to develop a daily vacation Bible school and to preach at a mission or in needed districts in town or country. Every church with over 300 or 400 members should employ an assistant for part or full time to serve as deaconess and stenographer; to help visit the sick, the newcomers, and the delinquents of church and Sunday school; to attend to correspondence and office records; to keep financial accounts and to aid in developing all the work of the church.

It is real extravagance to allow a pastor to use his time, which should be devoted to sermon and other work that no one else can undertake, for detail work which some young woman would do just as effectively for 25 cents an hour. The efficient, up-to-date pastor should always be able to find enough work to keep an assistant profitably busy. Many large churches employ a staff of from four to a dozen workers, and this is one reason why they grow large and efficient. Another source of waste is a church closed for six days a week. An assistant is needed if it is to be kept open evenings and proper social and physical oversight given to the boys and girls.

Put S. S. Budget With Church.

Include the Sunday school budget in the church budget. Have every child make a pledge and use the duplex weekly envelope.

Use only such canvassers as are liberal and really competent.

Prepare the people thoroughly. Since those who most need education and inspiration do not attend at other times, have the whole matter presented at two or three morning services, by the pastor and by local or visiting laymen.

Of course, the canvass should be made in one day and the canvassers should be dedicated at the morning service. Letters and printed matter fully explaining the needs and the plans will have been sent in advance.

The canvassers must not apologize and must be prepared to ask specific pledges.

Push the canvass immediately until every man, woman and child is pledged. Many churches get pledges from every resident member.

Where neighboring churches, or all churches in a city, conduct their educational campaign and their canvass at the same time, much better results are secured because of the influence of each church on the others. Joint popular meetings and canvassers' conferences, and the employment of outside speakers, are possible.

A receipt and statement must be sent quarterly to every subscriber.

The first canvass frequently brings inadequate results because the plan is new and the leaders inexperienced. The second year brings a very large net increase. Persistence from year to year is absolutely necessary.

AFTER FOUR YEARS.

Maryville Testimony Remains Unshaken.

Time is the best test of truth. Here is a Maryville story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. Weidman, 403 E. Thompson St., Maryville, says: "I had dull, dragging pains through my kidneys. My kidneys were also irregular in action, especially if I took cold or at any change in the weather. I used different medicines, but with no success, until I took Doan's Kidney Pills. In less than a month, I was free from the trouble and without an ache or pain." (Statement given Sept. 19th, 1908.)

OVER FOUR YEARS LATER, Mrs. Weidman said: "I have recommended Doan's Kidney Pills to hundreds of people, as the best medicine I have ever used. My former recommendation still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Weidman has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

jumping for the ball on a toss off. Thirteen of these fouls were due to poor coaching. When these same teams played at Tarkio, Maryville had 7 technical and 4 personal fouls called on them, and Tarkio 7 personal and 1 technical. All of the fouls were for violations of the simplest rules of the game.

One paper says that I became peeved at the remark of a kid on the side lines. I did not become peeved, and the kid was a young man grown, and the remark that he made was for me ("To go to hell, you son of a ——). For this conduct I did foul the Maryville team, as the rules provided, and which was proper. Persons in the audience hooted and were disorderly throughout the entire game, which was not only discourteous but unsportsman-like.

I gather from your publications that such conduct meets with your approval; it is, however, not popular in polite society nor among sportsman-like athletes. After the game also the crowd was disorderly and threw balls of mud, cinders and other things at the Tarkio players as they were leaving the buildings. Your superintendent was struck by a missile and remonstrated with the crowd without effect. All of which you doubtless approve.

Another article says that I coached the Tarkio players as the ball was tossed by saying right or left. This is a falsehood, pure and simple, and which any reasonable person would know to be untrue.

I confess to you frankly that I am at a loss to understand your frenzy and unreasonableness in this matter. There is certainly no reasonable basis for it.

I have pointed out the facts. Where was the robbery? If every foul called on Maryville is thrown out, still Tarkio would win. How then was the game stolen?

I am willing to bear any just censure and realize that officials cannot see all that transpires in a game, but in this game I am certain that there is no just excuse for complaint against the official from either team.

Yours truly,
E. C. GOWDY.

PAMPHLET ON MAIL RATES

Post Office Department Breaks Precedent by Telling Its Side of Case Very Plainly.

The Post Office Department has set a new precedent by getting out a pamphlet dealing with its fight with the railways over railway mail pay. The departure lies not so much in the action taken but in the manner of taking it.

It is a document of attractive appearance and modern "make up." It is the kind of thing the average man, after a glance, likes to read. Government publications do not often have this sort of appearance.

The arguments are set forth in the simplest language. It is shown convincingly that the railroads are not underpaid for carrying the mails and that a change in the method of adjusting mail pay is very much needed in order to assure the public the maximum use of the Parcel Post.

It is stated upon the cover that the booklet is issued in response to many requests from individuals, business men, publications, boards of trade and members of Congress for the facts relating to the subject.

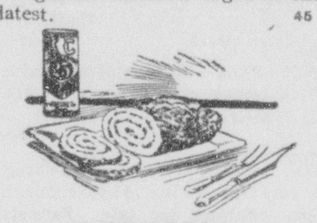
Beef Roll

A New Way of Using Left Overs

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Every housewife finds the disposition of left overs a most perplexing problem. K C Beef Roll will go a long ways toward helping you out when the family get tired of hash and stews. You really ought to try it for supper tonight or tomorrow night at the latest. 45



Beef Roll, K C Style

Three cups flour; 1 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; ½ cup shortening; sweet milk; 1 cup each, chipped cooked beef and ham; 1 teaspoonful mixed mustard; 2 beaten eggs; grating of onion; ¼ teaspoonful each, salt and pepper; broth or water.

Make a biscuit dough of the flour, salt, K C baking powder, shortening and milk, and roll into a sheet half an inch thick, having the ends even. Mix the other ingredients by themselves, using liquid as needed to make a paste. Spread the paste over the dough and roll like a jelly roll. Bake in a buttered pan about forty minutes. Brush over the outside with a little beaten egg left for the purpose and return to the oven to brown. Serve hot with a rich brown sauce. Other meats, such as chicken or veal, alone, or in combination, may be used. The onion and mustard may be omitted.

Ninety recipes—just think of it—by the famous cooking authority, Mrs. Janet McKenzie Hill, sent free upon receipt of the colored certificate packed in 25-cent cans of K C Baking Powder. Send for the handsome Cook's Book today to the JAQUES MFG. CO., Chicago.

GET BUSY ON LAWNS NOW

To Have Attractive Yards, Work Should Begin at Once on Seeding and Plans.

"Get busy now," is the advice of the Department of Agriculture to homeholders who wish to have attractive lawns around their houses. When snow is melting and the ground freezing at night and thawing in the day, the conditions are especially good for the application of commercial fertilizer.

Before freezing weather is entirely over, fresh grass seed should be sown, for it must be remembered that only by repeated applications of grass seed can a good lawn be produced. The ordinary seeding of grass on a new lawn is one pound of seed to every 400 square feet—that is, to a piece twenty feet square. For reseeding a lawn, one-half of this amount should be used, according to the condition of the lawn at the time. For the northern part of the United States, Kentucky blue grass and redtop are the standard varieties.

WINNING TRADE FOR U. S.

INSTANCES OF WORK BY DEPARTMENT OF AGRICULTURE.

Big Orders Secured for American Firms by Export Officials in Foreign Countries.

A hundred other illustrations can be found in the work of the Department of Agriculture which have been turned into dividends by farmers in all sections of the country. The Government service in other lines likewise teems with them. A recent letter in this series showed that typhoid fever costs the United States $300,000,000 annually and that extension of the work of the Public Health Service, especially in the field of rural sanitation, will do much to reduce this. The Bureau of Domestic and Foreign Commerce, Department of Commerce, in the past few months has accomplished much in quite a different direction, as follows:

1. Active co-operation through continued months of the commercial attache at Lima, has brought the Bolivian tin business, heretofore transacted wholly with London, to the United States, and through the agency of a large industrial coporation tin smelting will now for the first time be actively carried on in the United States.

2. The active co-operation of the commercial attache in China with the representative of a large American manufacturer, secured an order for the entire equipment of two cotton mills with American machinery and has since been followed by an additional order.

3. The co-operation of the commercial attache to France in a joint visit to the Spanish Government with our Ambassador brought about the removal of the preferential tax against American coal; thousands of tons of coal have been sold and are now being sold to Spain.

4. The co-operation of the New York office of the Department of Commerce with Russian buyers led to a contract for the purchase of 40,000 bales of cotton per annum for five years.

Other results include orders for the building of a railway on the island of Formosa; for the building of a capitol building on the same island; for the construction of a petroleum pipe line in Roumania, and a telephone system for Bergen in Norway.

How can a man be 48 years old and have only eleven birthdays was solved this week by one of our Nodaway residents, who celebrated his birthday anniversary.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

POLITICS IN BURLINGTON

POST TELLS OF PROSPECTIVE CITY CANDIDATES.

J. A. Barr, Present Mayor, Will Not Seek Re-Election—Will Vote on Re-Districting.

Tuesday, April 4, the city and school election will be held in Burlington Junction, and while but little interest has been manifested up to the present time, there is some speculation as to whom the candidates will be.

In the city there will be the offices of mayor, four aldermen, collector, marshal and police judge to fill, which will give our voters the opportunity to do more voting than they have ever enjoyed the privilege of doing before. On account of redistricting the town it will be necessary to elect two aldermen in the third ward. In the second ward there will be one alderman to elect, the term of Rev. W. H. Rust not expiring until a year from this election. In the first ward there will be one alderman to elect, the term of E. O. Browning expiring. Wm. Hollis' term does not expire until next spring.

The main interest centers around the candidate for mayor, as it is necessary to elect a good, practical business man to this office. J. A. Barr, the present incumbent, will not be a candidate for re-election, according to a statement made by him recently.

The school election is held on the same day as the city election, and two directors are to be chosen, the terms of C. B. Zarn and L. D. Carter expiring. Mr. Carter has moved to the country and it is understood that Mr. Zarn will not be a candidate for re-election.

The following judges and clerks were appointed for the election to be held in April:

First ward—J. D. Smith, I. Burgan, Stanley Evans, Peter Cornell.

Second ward—Dan Hamlin, Charles Woods, Harry Jones, Lee Stafford.

Third ward—Loren Smith, W. G. Sayler, Walter Deneen, Calvin Reavis. —Burlington Junction Post.

The young now say it is not what you do, but what you get away with that counts. A recent example has been demonstrated in Maryville.

After all, what is life? Bills, frills, worries, flurries, love, hate, basket ball games, a night out and old age, then?

We cannot say who we are, where we are or what we are, after reading the dispatches from Washington each day.

Next Week

A Demonstration of the many practical and unusual features of Bon Ton and Royal Worcester Corsets. For one Week Commencing Monday, March 6th.

Through special arrangements with the Royal Worcester Corset Company, we have secured Miss Elizabeth Shaull, noted Corsetiere and Fashion Authority, who comes to us from the famous "Salon du Bon Ton" in New York, the place now nationally famous as Corset Fashion Headquarters.

This season has brought forth a most charming array of both back and front lace models designed for every type of figure. The materials are beautiful, as are the graceful lines of the corsets. Make an appointment for a personal demonstration of the famous Bon Ton and Royal Worcester Corsets. An ideal opportunity to select YOUR model.

What St. Joseph People Say About Vap-O-Rub—"Outside" Treatment

They Find It Better Than Internal Medicines For Croup and Cold Troubles.

In the South everyone uses Vick's Vap-O-Rub Salve for all forms of cold troubles. But when it was introduced in St. Joseph, Mo., for the first time, last winter, the local druggists naturally were skeptical. They did not believe that croup could be relieved in fifteen minutes just by rubbing with Vap-O-Rub, or that colds commonly went in one night. So arrangements were made to present a number of ladies with complimentary jars of Vap-O-Rub on the condition that they give it a thorough trial. Here are the reports from these ladies:

Mrs. C. L. Haden, 2309 S. 15th St., says—"Last winter I had a dreadful bad cold on my lungs, with a tight bad cough. I rubbed Vap-O-Rub on two nights, and the next morning my cough was loose and lungs better. I relieved neuralgia with it in one night, just by rubbing my jaw and putting a little on the tooth, and ironing it in with a hot iron."

Mrs. Sam House, 1206 Prospect Ave., reports—"My little daughter had Diptheria last fall, and every little cold she takes settles in her throat. During one of her bad spells last winter my druggist sent me a jar of Vap-O-Rub. I used it four nights on her throat with such good results that now I don't like to be without it. I have used it on myself and husband for bad colds, and have found it just fine."

Mrs. John Paynter, 2422 S. 17th St., writes—"My druggist sent me a trial jar of Vick's Vap-O-Rub, which I soon had occasion to try on my 'croupy' baby. Before putting her to sleep for the night I applied Vap-O-Rub over her throat and chest with my fingers. The results proved very satisfactory, and now I would not be without it."

Mrs. M. A. Myers, 2943 Sylvanie Ave., says—"When our three-year-old boy had a severe cold last winter I tried Vap-O-Rub, rubbing it on his chest and letting him inhale it, and he was relieved almost immediately, and got better in a few days. We think your remedy is the best thing for colds we have ever used."

Vick's Vap-O-Rub Salve will be found better than internal medicines for all forms of cold troubles—from head colds, catarrh and asthmatic troubles—down to deep chest colds, sore throat, bronchitis or incipient pneumonia. You just rub it well over the throat and chest and cover with a warm flannel cloth and the body heat releases the ingredients in the form of vapors. These vapors, inhaled all night long with every breath, carry the medication through the air passages to the lungs. In addition, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion.

Vick's can be had at all first class drug stores in three sizes, 25c, 50c or $1.00—or we will gladly send a sample free on request. The Vick Chemical Company, Greensboro, N. C.

BULLETIN ON COTTONTAILS

Good Sport for Hunters and Are Pest for Farmers, Particularly in Orchards.

Cottontail rabbits are valuable for food and afford excellent sport for gunners, but they naturally are regarded by the farmer with disfavor, owing to the damage they do to truck and other crops and to the bark of growing trees and shrubs. There is, therefore says Farmers' Bulletin 702, "Cottontail Rabbits in Relation to Trees and Farm Crops," considerable rivalry between sportsmen and farmers in some sections to have their opposing views reflected in the game laws. The interests of the two classes do not seriously differ, however, for as the author, D. E. Lantz, assistant biologist, points out, when rabbits are closely hunted, losses from their depredations are usually reduced to a minimum. Still there i sdanger that in years favorable for their increase the animals may inflict injury to trees during severe winters.

Cottontail rabbits ordinarily prefer the succulent foods, such as young shoots, tender garden vegetables, clover, alfalfa, and fallen ripe fruits. During summer droughts or when deep snows cut off their ordinary food supplies, however, the animals attack the bark of growing trees and shrubs, and may do great damage in the orchard.

N. M. MISSOURI PROUD OF NORMAL

Institution Well Equipped to Give Education.

The Fifth District Normal school has issued a very attractive bulletin. It is well named "The Pictured Bulletin," for it contains several handsome illustrations of the building, grounds, equipment, activity and sessions.

Northwest Missouri is proud of this institution, which is one of the greatest in the state. It has the faculty and equipment to give the young man or young woman an excellent education, and under the new regime, with President Ira Richardson at the helm, the school is increasing in attendance each term.—Burlington Junction Post.

SMALL BUT APPRECIATIVE

BAD WEATHER CAUSED RECITAL CROWD TO BE SLIM.

Prof. P. O. Landon Said Faculty Knew Those Present Were Sympathetic Listeners.

"The faculty is pleased to see so many of you here on such a stormy night," said Prof. P. O. Landon of the Maryville Conservatory of Music last night at the annual faculty recital. Then he went on in an explanation. "We are glad because we know that you are here solely because you want to hear us, and a sympathetic hearing like that always means much to musicians."

The lower floor of the First Methodist church auditorium was about two-thirds full. Raw winds with a temperature almost at zero and a blizzard-like snowfall kept many away without doubt. But those who did attend felt well repaid. In a concert of artists it is difficult to distinguish among the numbers. The crowd seemed to enjoy especially the numbers by Professor Landon, Miss Alice Porter and Miss Bernice Rice. Miss Jennie Garrett's second number, "Haymaking," was also greeted with prolonged applause.

In the introduction, Mr. Landon called attention to the new departments which will be added to the Conservatory. Miss Eleanor Smith left this afternoon for Chicago, where she will take special work in kindergarten teaching, and at her return a little folks department will be added here. The teachers' training department will also be an innovation.

SECOND B. J. CLUB MEETING

Final Reorganization of Commercial Group Today—List of Officers and Charter Members.

The second meeting of the newly organized Commercial club of Burlington Junction was held in the Praisewater furniture store this afternoon. CARL COCHRAN DIED AT 3:30

Teacher of Lorain School, 22 Years Old, Took Ill Suddenly Tuesday and Was Operated On.

Carl Cochran died this afternoon at 3:30 o'clock at the St. Francis hospital. He was brought to the hospital last night from his home, near Burlington Junction and was operated on for appendicitis and peritonitis. He was taken ill Tuesday.

Mr. Cochran was teacher of the Lorain school, near Burlington Junction. He was a graduate of Ames college and had been married only six months. He was 22 years old.

His suffering was too intense for him to be taken to the station at Dawson in a carriage last night, so sixteen friends carried him on a stretcher the two miles and a half to the station.

He is survived by his wife, father and mother, Mr. and Mrs. Walter Cochran, and one brother, Everett. The funeral arrangements have not been made.

CHRISTIAN REVIVAL APRIL 9

The Pastor, the Rev. C. Emerson Miller, Will Preach for Two Weeks, Assisted by Members.

A two weeks "home talent" revival meeting will be begun by the First Christian church Sunday, April 9. The preaching will be done by the pastor, the Rev. C. Emerson Miller, and the singing and personal work will be carried on by members of the church.

The meetings are a part of the nation-wide campaign of the Disciples church in America for evangelistic services, to close about Easter Sunday.

MRS. AGNES ROBINSON DIES.

Clearmont Woman Succumbs to Pneumonia—Funeral Arrangements Not Made.

Mrs. Agnes Robinson, 71 years old, of Clearmont, died at the home of her daughter, Mrs. Guy Clary, at 11 o'clock. Pneumonia was the cause of her death.

Mrs. Robinson was born in Eldon, Scotland, July 25, 1845, and came to America with her parents when she was 4 years old. She and her husband moved to Clearmont in 1900. Mr. Robinson died in 1901, and since then she has made her home with her daughter. She is survived by three sons and two daughters. They are: Fred of Summerfield, Kan.; William of Des Moines, Ia., and J. C., of Clearmont; Mrs. E. W. Snodderly of Hopkins and Mrs. Guy Clary, where she made her home. The funeral arrangements have not been made.
